I'm totally against the idea of letting OSHA run my life, by deciding where I can smoke a cigarette. This idea is wrong, we smokers have our own rights as well as everyone else. I don't think you should be able to tell people what to do in their own homes either. You have no right to tell us what to do in our personal lives!

I urge you to reconsider this issue, before making a decision that will affect the entire country!

After all, this country was founded on freedom of choice, and we should be able to make our own choices.

Sincerely,

Jack Crighton
